

MUTINY REPORTED IN THE MANCHURIAN ARMY

FIERCE FIRES IN THE NORTH

Lack of Rain is Causing Great Distress in Humboldt County.

EUREKA, Cal., Nov. 17.—Humboldt county is suffering from drouth. Stock on the ranges is dying for want of feed, and grass is exceedingly short. In many places, fires have swept the ground perfectly bare, destroyed small trees and damaged large timber. The fires which recently raged along the Mad River near the Humboldt-Trinity line, burning off many square miles of ranges, continued to the top of South Fork Mountain and descended on the Trinity side.

FOUGHT THE FLAMES.

Residents of that section of the country as one man fought the flames night and day and with difficulty saved their houses and barns. Stock which sought refuge in canyons and escaped the flames may die of hunger before they can be removed to other pastures which are short of grass and unable to provide feed for the cattle now depending upon them.

SAVE A TOWN.

Fires have been raging in the vicinity of Bridgeville and the entire population of the little place fought the flames in order to save the town itself. The Blocksburg section also has suffered from fires, one ranch house and outbuilding being completely wiped out.

LACK OF RAIN.

The lack of rain is having effect on the fish industry. Three packing places on the Eel river have laid off many men, because the fishermen were unable to catch salmon. The river men say that if a good rain should fall there would soon be many fish in the river again. There was a small run of salmon up the river yesterday. The precipitation this fall has been but 1.33 inches, while the normal fall to this date is about 7 inches.

FUNERAL SERVICES FOR BISHOP MERRILL

CHICAGO, Nov. 17.—Funeral services for the late Bishop Stephen M. Merrill of the Methodist Episcopal Church were held today in Grace Methodist Church. Fully 200 men prominent in the Methodist Church came here from other cities to attend the services among them being Bishops Warren of Denver, and Moore of Portland. Bishop McDowell of Chicago made the principal funeral address.

COST HEARST \$68,843 TO RUN FOR MAYOR

ALBANY, N. Y., November 17.—William R. Hearst, candidate for Mayor of New York on the Municipal Ownership ticket, certified to the Secretary of State today that his total campaign expenses were \$68,843. This breaks the record for such expenses, which was formerly held by Governor Higgins, who spent during the last State campaign \$22,000.

Mr. Hearst said that he contributed all but \$17,488 of the \$80,205, which was spent by the finance committee of the Municipal Ownership League for the benefit of all the candidates on the ticket.

TROOPS WERE IN A SCORN BATTLE

Forty-Two Russian Officers Shot For Participation in the Conspiracy.

ST. PETERSBURG, Nov. 17, 6:30 p. m.—A mutiny in the Manchurian army is the latest sensational rumor in this city.

According to the report, a dispatch has been received from General Linevitch telling of a revolt among the troops, which was only suppressed after a regular fight, in which many soldiers were killed or wounded.

Forty-two officers are reported to have been shot for participation in the conspiracy.

No confirmation of the rumor is obtainable from officials of the war office.

TRIED TO MURDER OFFICER

Desperate Prisoner Planned to Make Sensational Escape.

SACRAMENTO, Nov. 17.—J. W. Finley, one of the Folsom convicts awaiting trial for his life on a charge of assaulting prison officials in an attempt to escape with Francisco Quidjaga and Charles Carson, last December, make an assault upon Deputy Sheriff Julius Jacobs in the County Jail this morning.

Finley had a large club and a knife, and it was evidently his intention to dispose of Jacobs, as the latter opened his cell to direct its morning cleaning by trustees, take Jacobs' revolver and then make a fight against the other jail officials for liberty.

Finley struck Jacobs with the club, but immediately two trustees were upon him, and the club and knife were taken from him.

Jacobs was not injured.

AMBASSADOR REID IS COMING HOME

LONDON, Nov. 17.—As no question is pending requiring the presence here of Whitelaw Reid, the ambassador, has decided to take advantage of a leave of absence granted by the Department of State, and will spend the Christmas holidays in America, leaving England early in December. Mrs. Reid and Miss Reid will accompany Mr. Reid.

GENERAL LINEVITCH.

PREPARE FOR NEW KING AND QUEEN

CHRISTIANIA, November 17.—Preparations are in full swing for the arrival of the new king and queen of Norway, Prince and Princess Charles of Denmark, whose formal coronation by the Norwegian Parliament tomorrow is a foregone conclusion. The State entry into Christiania will take place November 25th. The vessel bearing King Charles and his consort with his escort of Norwegian, Danish, British and German warships, will be met by a large flotilla of steamers from all the coast towns and will be conveyed to a landing stage here where the first official and popular welcome of the new rulers will take place.

MEETINGS PROHIBITED.

KIEFF, Russia, Nov. 17.—Meetings have been prohibited by order of the Minister of the Interior and the railroad stations and shops are under military guard.

MRS. MOFFITT SIGNS AN AGREEMENT

The sisters of the late Frank J. Moffitt are to get their legacy of \$40,000 without further delay and an agreement to this effect signed by Mrs. Augusta L. Moffitt, widow of the deceased, was presented to Judge Ogden this morning and the distribution to them of their share of the estate will be made in accordance with it. The agreement is as follows:

"In the matter of the Estate of Frank J. Moffitt, deceased.

"The undersigned, widow of Frank J. Moffitt, hereby agrees in consideration of value received, that there shall be upon partial distribution of said estate, distributed to the trustees the sum of \$40,000 or its equivalent, which said sum shall be held in trust for the benefit of Mary, Maggie, Emma and Nellie Moffitt, under the provisions of the last will and testament of said deceased, wherein said sum was to be invested so that they shall get the monthly income therefrom.

"It is further agreed that if there be a deficit in said estate in the payment of the remaining legacies, that upon final

WITTE'S OFFER

Workmen Will Not Take Advice From a Court Favorite.

ST. PETERSBURG, Nov. 17.—The text of the resolution adopted at the meeting of the Council of Workmen's Delegates in reply to Count Witte's appeal to the workmen is as follows:

"The Council of Workmen's Delegates expresses astonishment at the Emperor's favorite who permits himself to call the workmen of St. Petersburg his brethren. The proletariat is not related to him in any way.

Count Witte appeals to us to be compassionate and our wives and children in reply invite the workmen to count the widows and orphans who have been added to the ranks of the workmen since the day Count Witte assumed power.

COURT FAVORITE.

"Count Witte begs us to give the government time and promises to do all possible for the workmen. The council knows Count Witte has already found time to give Poland into the hands of the military executioners. The council does not doubt Count Witte will do all possible to strangle the revolutionary proletariat.

"Count Witte calls himself a man who is benevolent toward us and wishes our good. The council declares the working classes have no need for the benevolence of court favorite, but demand a popular government on the basis of universal, direct and secret suffrage."

GLOOMY OUTLOOK.

ST. PETERSBURG, Nov. 17, 2 p. m.—The outlook for an early collapse of the strike is more gloomy today. The situation is distinctly more menacing. The Council of Workmen's Delegates of committee are manifestly encouraged by the extension of the strike in St. Petersburg, various organizations, including the bank teller clerks, telephone girls and some of the professional leagues having voted to join in the movement. Moreover, it is certain that the Workmen's Council have received mysterious supplies of funds and consequently they present a bolder front. Practically all the pretenses based on economic demands have been abandoned although the eight hour day figures in the oratory at meetings in order to hold the workmen who have no thought except improvement in their material condition.

SCORNFUL REPLY.

The Workmen's Council returned a scornful reply to Count Witte's personal appeal to his brother workmen, ridiculing the Government's profession of solicitude for the workmen and renewing their demand for the immediate abolition of martial law in Poland.

MONEY WAS PAID TO CLUNIE'S BROTHER

Ex-Governor Budd and W. H. Chickering Named—Sensation at Insurance Hearing.

NEW YORK, Nov. 17.—The packages of vouchers for payment for legal services in various State Legislatures were gone through by Witness Hughes in the insurance hearing today. He asked as to the legal services rendered by the signers of the various vouchers.

MONEY FOR A BROTHER.

The witness did not shed much light on the vouchers.

Mr. McCurdy said that \$250 a month had been paid to special counsel to represent the Equitable Society before the commission (appointed by Insurance Commissioner of California Clunie in 1900, demanding that the society make a list of its outstanding policies), at the suggestion of E. S. Pillsbury, the society's regular attorney, who had told the witness it was paid to a brother of the insurance commissioner. The total amount paid in that way was \$9,000.

CHICKERING PAID.

The witness said also that approximately \$17,500 was paid to W. H. Chickering of California, counsel for the Mutual Life Insurance Company.

At the close of 1899, when the Equitable Society filed its annual statement with the California Insurance Department, the Commissioner asked forty additional questions, the witness said, which the commissioner knew it was practically impossible for the society to answer because its books were not kept so as to do this. This, the witness said, was practically a reshuffle of the demands that the commissioner had made previously. Witness said the company had had no like experience with the Insurance department of any other State to his personal knowledge, and that like proceedings against the New York Life, and the Mutual

land, etc.

Count Witte's attempt to negotiate directly with the strike leaders has come to naught, although he offered concessions in the case of the Cronstadt mutineers in the event of their being condemned to death. But the leaders refused all compromise. "All or nothing," was their response.

LAND QUESTION.

The Imperial ukase on the land question issued today although it wipes out about \$40,000,000 of the peasants' arrears of debt, which under ordinary circumstances might have been received with joy, is another disappointment. The promises of additional lands are too vague to calm the agitated, starving peasants, who, in the valleys of the Don and Volga are again marauding, pillaging, burning and murdering.

No confirmation has been obtained of yesterday's report of a false Emperor leading the peasants of Pensa. The mill and factory owners at a meeting just held, while willing to make some concessions in the matter of hours of labor, generally to the ten hours, took a final decision that unless the men resumed work Monday they must close down indefinitely. Should the men be blocked out in the face of winter it would only make the situation more desperate.

The news from the provinces shows that practically no movement has been started there in support of the general strike, but there is a deep suspicion that this may simply be the lull of preparation.

The Social Democrats and Revolutionists are keeping their plans dark. Their organizations have ramifications through the country and at a signal they might again be able to bring the industries of the country to a standstill.

TROOPS ON RAILROAD.

Troops have taken possession of the Moscow Railroad station and the road will be re-opened by means of railroad battalions. The resumption of traffic on this road insures supplies for the capital.

Profound depression over the situation exists in the liberal camp. Many

PRESENTS WILL BE APPRAISED

Miss Roosevelt Will Have to Pay Tax to Uncle Sam.

WASHINGTON, Nov. 17.—The examination and appraisal of the presents received by Miss Alice Roosevelt during her visit to the Orient, has begun. The officials at the Georgetown custom house have begun to open up the twenty-seven boxes in which the presents were shipped, and other souvenirs of the visit, which resulted in partial conquest of the Far East by the President's daughter.

APPRAISE THE GOODS.

The customs officials say the tax is anything but an easy one, owing to the necessity laid upon them to appraise the goods on their commercial value.

Only about one-third of the boxes have so far been opened and Collector Nyman and his staff are said to be somewhat surprised, as the value of their contents will exceed scarcely a few thousand dollars.

PRESENTS IN STRONG ROOM.

Although the presents have laid in the strong room in the basement of the Georgetown postoffice building, in which the customs house is located, for three weeks, guarded night and day, there is no effort to get rid of them quickly. When the President instructed that no special hurry was desired, and that they should take the regular course, the officials devoted their attention to appraising the large amount of merchandise that had already arrived. They were unusually busy, owing to the importation of Christmas goods.

MISS ROOSEVELT AWAY.

As the work of appraising Miss Roosevelt's presents is being done along with the other work of the office, it is doubtful if the last box will have been examined, and the valuation fixed before next week. Miss Roosevelt, who is on a visit to relatives in Massachusetts, will probably be home in time to receive them at the White House. Some of the presents she has not yet seen.

RUSSIAN SECURITIES STILL ACCEPTED

ST. PETERSBURG, November 17.—The manager of the local branch of the Credit Lyonnais denies the report that the bank is refusing to accept Russia's securities as collateral. On account of the unsettled condition and the heavy fall in prices, however, the bank insists upon larger margins. The following formal statement on the subject was made by the bank: "The Credit Lyonnais is continuing the making of advances on stocks, but owing to the fall in State funds and industrial and the narrow market of the St. Petersburg Bourse it requires larger margins than formerly."

Other banks are also adopting the same course and there is a noticeable disposition on the part of all the bankers to reduce their commitments.

KENTUCKY HOLDS WIRELESS RECORD

WASHINGTON, November 17.—The battleship Kentucky holds the record for an American warship for having sent a message the longest distance by wireless telegraph, according to the reports received at the Bureau of Equipment of the Navy Department. The Kentucky, while lying in Hampton Roads, sent a communication to the wireless station at Beaufort, S. C., a distance of 500 miles.

NEW HEIR TO THRONE

Count of Flanders, Leopold's Brother, Passes Away.

BRUSSELS, Nov. 17.—The Count of Flanders, brother of King Leopold and heir to the throne, died at 11:30 o'clock this morning. Death was due to inflammation of the respiratory organs. The Count was born in 1837.

The new heir to the throne of Belgium is Prince Albert of Flanders, only son of the late Count of Flanders. Prince Albert was born April 8, 1875, and was wedded October 2, 1900, to Princess Elizabeth of Bavaria. They have two children, Prince Leopold, born November 3, 1901, and Prince Charles, born October 10, 1903. Prince Albert is one of the most popular of the reigning house of Belgium. He is of a stolid disposition and bears a striking resemblance to his uncle, King Leopold. Prince Albert has traveled extensively. His wife, Princess Albert, is also very popular with the Belgians.

It is possible that the Belgian Socialists will cause trouble when it is proposed to transfer to Prince Albert the present annual grant of \$40,000 paid to the Count of Flanders as heir apparent. When the late count proposed some time ago to renounce his succession in favor of Prince Albert, the Socialists, who have always denounced for accepting the grant in view of the fact that he was enormously rich, announced their intention of opposing in the strongest manner possible the transfer of the grant.

HOHENBURG, Grand Duchy of Luxembourg, Nov. 17.—The Grand Duke Adolf, reigning sovereign of Luxembourg, died today. He was born in 1817.

M'KENKIE'S CAR-FLOAT NOT A SUCCESS

SAN FRANCISCO, Nov. 17.—Some little time ago William McKenzie, superintendent of the Southern Pacific ferry steamers, designed a freight car float which was a combination of lighter and stern-wheel steamer, the wheels and engine of an old river boat being installed on one of the lighters previously hauled about by a tow boat. Any of the ferryboat pilots could have told McKenzie that the craft would not steer as the rudders were originally arranged. The boat was christened S. P. Car Float No. 2. It was launched and, without a trial trip, placed in commission. As McKenzie had been told, the rudders did not act and the float's first trip was a straight line to the bank of Oakland Creek, where it grounded. The float was replaced on the ways and wheel and rudders were rearranged. This was some months ago. The McKenzie float has been busy ever since. Just how busy is best told in a report made at yesterday's meeting of the Harbor Commissioners by Engineer Lott Norton, who said:

"Southern Pacific car float No. 2 has damaged the car ferry slip at Central Basin so often and to such an extent that I instituted an investigation. I find that the float is uncontrollable and ask that the Southern Pacific be requested either to discontinue its use or to maintain the slip at their own expense."

PRESIDENT WHEELER IS HONORED

WASHINGTON, Nov. 17.—The Association of American Agricultural Colleges and Experiment Stations, at the last meeting of its eighteenth annual convention yesterday, elected as its president M. H. Buckham, president of the University of Vermont. The five vice-presidents include E. J. Wheeler of California and Luther Foster of New Mexico.

NO PASSENGERS ON FREIGHT VESSELS

SAN FRANCISCO, Nov. 17.—Victor H. Metcalf, Secretary of Labor and Commerce, has notified the customs department here that freight vessels shall not be allowed to carry passengers without a passenger's certificate. The rule includes agents and employees of the vessels whether carried free or for hire.

SHIFT

If Your Food Fails to Sustain You, Change.

A young woman from Philadelphia says:

"For several years I kept in a run-down miserable sort of condition, in depressed and unappealing trouble. I lost flesh in a distressing way and seemed in a perpetual sort of dreary nightmare. No one serious disease showed, but the 'all-over' sickness was enough."

"Finally between the doctor and Father I was put on Grape-Nuts and cream as it was decided I must have nourishing food that the body could make use of."

"The wonderful change that came over me was not, like Jonah's gourd, the growth of a single night, and yet it came with a rapidity that astonished me. During the first week I gained several pounds in weight, my spirit improved and the world began to look brighter and more worth while. And this has continued steadily, till now, after the use of Grape-Nuts for only a few weeks, I am perfectly well, in everything, and am a changed person in every way." Name given by Postum Company, Battle Creek, Michigan.

INSURANCE INQUIRY

Vouchers For Certain Expenses of Equitable Are Produced.

NEW YORK, November 17.—Frank B. Jordan, son of the former comptroller of the Equitable Life Assurance Society, was the first witness called before the Legislative Insurance investigating committee today.

He had testified at a previous session that he did not know the whereabouts of his father and mother and that he did not know whether they were living or dead.

Today he said that he had not since learned of his father's whereabouts. He had received a letter from his mother, who is in Canada. She said nothing about his father.

As to his profits from fire insurance written on properties mortgaged to the Equitable, he said his father received none of them. He had no idea what proportion of his business the Equitable furnished him.

Samuel S. McCurdy, assistant registrar of the Equitable Society, was next called. He had formerly been secretary to Secretary William Alexander of the society. As assistant registrar he had custody of vouchers for money paid out for legal expenses. He produced the vouchers for such expenses for the last ten years. On the vouchers for 1895 was a letter to James W. Alexander from Robert H. McCurdy of the Mutual Life Insurance Company, which accompanied a bill for the Equitable's share of salary and expenses of George S. Batcheller as "plenary legal representative" of the Equitable Society, New York Life Company and Mutual Life Insurance Company. The salary of Mr. Batcheller from this combination was given in a statement as \$7,700. It was brought out that Mr. Batcheller's duties were abroad.

LABEL LEAGUE IN SESSION

TEN CANDIDATES ARE INITIATED AT THE LAST MEETING.

At the meeting of the Label League Thursday evening, ten candidates were initiated and the vice-president, Mrs. Williamson, made a very instructive address, which was heartily appreciated. The next meeting will be an open one for all union men and women, December 7, at 453 Eighth street.

THE PAINTERS' BALL. The Painters' Decorators and Paperhangers' Union, local No. 127, are arranging for a grand ball on December 16. The committee of arrangements consists of Charles Grogg, John Wainwright, Louis Smith, C. W. Parker and one other.

CARPENTERS, No. 36. Local No. 36, Brotherhood of Carpenters and Joiners, at their meeting this week in California Hall took in a large number of new members.

A GOOD ADVERTISEMENT. The letterhead ordered printed by the various insurance benefits paid by the forthcoming meeting of the State Federation of Labor are a credit to Oakland. The letterhead is a three-column-wide cut showing a "view of the shipping in Oakland harbor," and under it the letterhead.

ACROSS THE BAY. Next Sunday Painters' Union, No. 19, will consecrate its plot of ground in Mount Olivet Cemetery with impressive ceremonies.

First Vice President Eugene Clancy of the International Bridge and Structural Iron Workers, at the printing trades meeting of local No. 31 and made an interesting address to the members. He stated that the outcome of the proceedings of the recent Cleveland convention and his effort was great, reflected by his listeners. The outlook in the iron trade industry of the country is particularly bright for the coming year and insures steady work to all craftsmen.

UNION LIFE INSURANCE.

Separate from the sick benefits and the like which many labor unions provide, there is life insurance also provided by international unions. The following statement of the State Labor Commissioner, there are among persons in personal and domestic service, 1,552,874 members carrying \$1,399,250 worth of life insurance, 9042 of whom have also a provision for relief in case of sickness and death. The printing trades, 849 members have \$291,670 of life insurance. In the clothing and kindred trades, with 3200 members, 160 have insurance aggregating \$52,955, and 1496 have provided against sickness and accident. In the iron trades, with 10,056 members, 100 have an insurance of \$1,026,210, and 6581 of these are also provided for during sickness or accident. In the building trades 1,634 members carry \$2,814,630 life insurance, and 16,655 of these have insurance against sickness and death. In manufactures not otherwise specified, of 2605, 1566 carry \$205,600 insurance, and 1002 provide against sickness and accident.

The teamsters, longshoremen and warehousemen, with a membership of 7782, have 2282 members carrying \$48,500 life insurance, and 4705 members carrying sick and accident benefits.

In closing his statement the commissioner says: "The continued growth of this phase of the labor union places its membership more squarely before the world as willing to fight its own battles and bear its own burden in peace time as well as war. The man who, through his organization, has secured his family around him, turns his back upon the relief of poor and poor house, and voluntarily assumes all of his financial burden is entitled to and will receive the admiration and respect of the entire nation."

RECEIPTS AND EXPENDITURES OF THE American Federation of Labor for 1891, the year it was organized, were: Receipts, \$174,527; expenses, \$136,200. In 1900: Receipts, \$207,147.62; expenditures, \$136,170.10.

Sentiment among the delegates in the American Federation of Labor convention seems to be crystallizing around a resolution to Congress favoring a savings bank in connection with the Postoffice Department.

GENERAL NOTES. The recent annual report of the secretary of the American Federation of Labor shows that during the year last past the various insurance benefits paid by international unions were as follows: On deaths, \$742,421; in cases of death of wives, \$24,000; in cases of death of children, \$24,000; total insurance, \$790,421.

These official figures make the following item from the San Francisco Bulletin seem erroneous or in need of further explanation: "Members of unions affiliated with the American Federation of Labor pay yearly into their respective treasuries about \$200,000,000, of which immense sum \$2,000,000 is expended on account of strikes and \$22,000,000 for sick, death and out-of-work benefits, insurance, etc."

The International Typographical Union by circular shows that 234 unions have already secured the eight-hour day while 677-one locale have secured partial contracts. The circular states that returns show, practically unanimous adoption of the 50 cents per week assessment proposition. Indications point to an early victory for the shorter workday.

It is said that it will not be long before all trades will take up the printers' battle-cry, "We propose to sell to the employer eight hours out of twenty-four, and do as we please with the remainder."

SOUTHERN AND WESTERN PACIFIC CLASH

Railroads Cannot Agree on Fixing the Grade of Third Street.

There was a slight clash last night in the meeting of the Ordinance and Judiciary Committee between the representatives of the Southern Pacific and the Western Pacific.

Attorney J. E. Foulds and Assistant Superintendent A. Baker were before the committee asking that the grade on Third street between Kirkham and Union streets be raised to four feet above the base line of the city. The reason of the request was to allow teamsters more free access to the freight warehouses and cars in the vicinity of Third street.

Attorney Charles E. Snook, representing the Western Pacific Company, was present to ask for a delay of two weeks so that the engineering department of the corporation he represented might make a report as to what effect raising the grade would have on the lines of the Western Pacific.

"The change of grade," said Mr. Snook, "would seriously hamper the operation of the tracks of the Western Pacific. All that we wish is that the grade be left alone, or that this Council give us an opportunity of presenting data showing why it should be left alone."

Attorney Foulds gave the reasons why the Southern Pacific wanted the grade raised. He said: "The teamsters demand that the grade be made higher so that they may get in and out with more ease. With Third street open the teamsters have a direct line to the center of the city."

Al. Baker—I certainly believe that the street is needed for teaming and will not interfere with any plans of the Western Pacific.

Councilman Thurston—I think that the engineers of the two companies should adjust the matter. We are not competent to pass on this question without more data.

Councilman Burns—I do not see any reason why it should not be laid over two weeks.

The committee agreed to this suggestion and the matter will come up at the next meeting of the committee, at which time engineers will be present to enlighten the Council.

DR. EWER SPEAKS TO MEN'S CLUB

The Men's Club of St. John's Church held its regular monthly meeting last evening in the Guild Hall. Dr. Ewer, Health Officer, read a most interesting paper on "Sanitation in the Home and Community." He dwelt particularly upon yellow fever, typhoid fever and dysteria.

At the close of the lecture, which was listened to with intent interest, a great many questions were asked by those present, and the subjects were fully discussed. Refreshments were then served.

HERMANN SONS WILL GIVE A MASQUERADE BALL

Germans Plan Dance For Benefit of Order.

Never in the history of the Oakland Order of Hermann Sons has so much interest been taken in its social affairs as that displayed in the annual grand masquerade ball, which will be held at Germania Hall, at Seventh and Webster streets, tomorrow evening. A committee of arrangements, headed by Albert Currlin, has charge of the affair and has been working hard for several weeks to insure the success of the ball.

Only those in costumes or dominoes will be permitted on the floor before midnight and after that hour all the dancers will be requested to unmask.

Supper will be served by the Edelweiss Sisters, an auxiliary of the order. The advance sale of tickets has been large.

ATTRACTIONS AT THE MACDONOUGH.

Of the cast which will present the Pixley and Lovers musical comedy "The Prince of Pilsen," at the Macdonough Theater next Monday and Tuesday, November 20 and 21. Messrs. Arthur Davidson and Ivar Anderson and Miss Ruth Peebles have been with this play since its initial production. They played in the Shattlesbury Theater for five months. Louise Willis also played in the London production of the comedy at the Shattlesbury Theater for five months. The play will appear here. Jesse Dandy has the part of Hans Wagner and has played it over five hundred times. The sale for "The Prince of Pilsen" has been quite large to date, signifying a large attendance for each performance, although there are some very fine seats left.

"UNDER SOUTHERN SKIES."

ALBERT CURRLIN, chairman of the committee of arrangements for the Hermann Sons' grand masquerade ball.

and the ball promises to be one of the most successful ever given by the order.

Blair Parker's play of Southern Life is that the women of the cast outnumber the men. As a rule the reverse is the case in dramatic offerings. The presence of so many women upon the scene is one of the attractions of the play, especially as many of them are young and pretty. The birthday party of the young heroine and the Halloween festivities, which include the carrying out of some amusing Halloween tricks and a Jack-o-lantern dance, give fine scope for showing the feminine members of the company to advantage. One of the funniest characters in the play is "Ammer Lerner," who deserves to rank side by side with the immortal "Topsy." "Ammer Dohy," too, is a host of fun in herself; a typical Southern "Auntie"—one of the faithful slaves who clung to the family she loved, though free—have them if she wished to do so. The South furnished many instances of this devotion upon the part of the older negroes. The part of the heroine, Lella Croften, a young Southern belle, is a difficult one to enact, portraying as it does all the emotions from gay and loving light-

heartedness to most intense misery and grief. "Under Southern Skies" was written by a woman and it gives women greater opportunity for acting than three or four ordinary dramas. Manager Chas. P. Hall has secured this very successful play and it will be seen at the Macdonough Theater Saturday and Sunday, November 18 and 19. Seats now on sale.

Assistance of one's friends is seldom satisfactory. The best plan is not to require it. —Chicago News.

HARRIMAN WANTS TO KNOW

EVERY EMPLOYEE OF SOUTHERN PACIFIC COMPANY MUST ANSWER QUESTIONS.

SAN FRANCISCO, Nov. 17.—Every employee of the Southern Pacific Company has been asked to furnish the company, with the least possible delay, information as to how much life insurance it any, he carries. The order to gather this information from the employees of the company comes direct from President L. H. Harriman, who wants the data for purposes of his own. Just what his purposes are have not been divulged to the company's employees who are in consequence very much mystified over Mr. Harriman's sudden interest in a matter that many of them regard as their private business. The mystery that surrounds Harriman's insurance canvass has accordingly given rise to many rumors. It is thought in some circles that Harriman has determined to undertake a boycott of the Equitable Life. Others profess to see in the order an effort to influence the election of Equitable directors, which takes place in New York on December 8. Recently all Equitable policy-holders were asked to send their proxies to Grove Cleveland. Whether Harriman is also bent on securing proxies, or whether the data he is gathering is entirely disconnected with the affairs of the Equitable is, in view of the scant information obtainable from official sources, purely conjectural.

EMPLOYEES IN THE DARK.
All the employees of the Southern Pacific know that they have been ordered to supply the desired information. They reach all operating employees' notices have been posted in the company's shops, depots and elsewhere directing them to report the information to the superintendent of the division without delay. The questions which the railroad employees are asked to answer are as follows:
"Do you carry life insurance?"
"If so do you carry old line insurance?"
"What line?"

"What is the amount of the insurance you carry?"
According to telegraphic information received from Omaha last evening, President Harriman is pursuing the same quest for information among the employees of the Union Pacific. The presumption is that he is also making a thorough canvass of the employees of the other Harriman roads, notably the Oregon Railroad and Navigation Company.

and the Oregon Short Line. It is known that many employees of the Southern Pacific, as well as the other Harriman lines carry insurance. It is declared on a rough guess however that of the insurance so held, particularly among operating employees, there is by far more fraternal insurance than old-line insurance.

FRATERNAL INSURANCE

All of the brotherhoods have an insurance feature, and it is thought that most operating employees carry insurance of this character. In addition to the brotherhood insurance schemes there is a Southern Pacific Employees' Mutual Benefit Association, over which the company exercises some paternal interest, notably in acting as its treasurer and this association furnishes insurance to considerably over 1000 general office officials and employees and others outside of the operating departments. Just what old-line insurance is carried by railroad employees outside of these concerns is not known. That is what President Harriman is trying to find out.

The officials of the company are disinclined to discuss President Harriman's reasons for desiring information regarding the insurance held by the company's employees. It is declared positively however that he has no thought of obtaining proxies. As proof of this it is pointed out that no names, either of employees or of the companies in which they are insured, are asked for. Employees have simply been asked to mention the character of the insurance they carry and the amount. The developments that are expected to come out of Mr. Harriman's insurance canvass are being awaited by the company's employees with much interest.

INVITATIONS OUT FOR RABBI'S WEDDING

Invitations were received in Oakland this morning for the wedding of Rabbi Morris Friedlander of the First Hebrew Congregation of Oakland and Miss Dorothy Altman of Denver. The wedding will take place on Thursday, November 20, at 5 o'clock, at the home of the bride's mother, Mrs. Rosa Altman, 1830 Marion street, Denver.

CHRISTIANS AND BALLOT BOX.

NEW YORK, November 17.—Governor Utter of Rhode Island and John W. Wainwright of Philadelphia were the principal speakers at the annual dinner of the International Committee of the Y. M. C. A. last night. Prominent men from all parts of the United States were present, while the foreign representation included delegates from Canada, Japan and India. Governor Utter spoke of the duty of the Christian with regard to the ballot, declaring that all Christian men should take an active interest in the party causes. Mr. Wainwright, commending the work of the Y. M. C. A. in the past, said the future offered great opportunity, not only in this country, but in China, India and Japan.

MADE \$100,000 IN THREE YEARS

Successful Business Man Attributes His Success To His Social Position.

It is universally acknowledged that a good social standing is one of the chief factors towards a successful business career and the most popular of all society members are those who are able to entertain and amuse their associates.

As far back as we have records we find that no celebration, feast, or social function of any sort was complete without music and the same state of affairs exists today amongst the savages as well as civilized nations.

There is slightly one inference to be drawn from this and that is that enjoyment or ceremony is not complete without music.

Musical education, however, is at the present time being sadly neglected and one of the main reasons for this is that the original outlay for some kind of a musical instrument is more than the average person can afford. The piano being the most popular, the majority of people will have nothing else. The prices and terms of the average dealer are such that a great many cannot invest.

The Ellis Music Company of 1075 Clay street, this city, have succeeded in removing this stumbling block, and it is now within the means of every body to possess a piano of his own. Being the biggest, best, and best Western dealers we naturally accumulate a large assortment of fine instruments slightly used, bearing the names of some of the leading factories in the United States which we have taken in exchange for new Deakors, Kimbals, Hazeltins etc., and our famous "Autopianos." As we are in business simply and solely to deal in new pianos, we have no room for this stock and are desirous of clearing it out, no matter what the sacrifice. A glance over the following list will convince you that we have some excellent bargains and all you need is a nominal down payment.

You cannot afford to miss this opportunity, and an investigation will prove that this is a genuine offer. We don't make any false statements or advertise the old fashioned square pianos as "Grandes." Put on your glasses and read the list carefully, then come early. The sale closes tomorrow night.

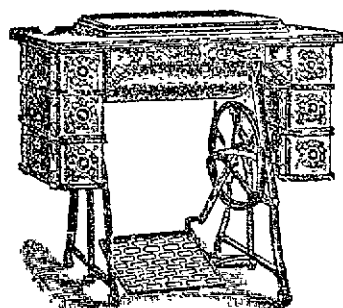

HERE THEY ARE:
Large sized Mahogany Ludwig, regular \$450 style, \$185.
Another especially fancy Ludwig, \$235.
Latest style Bessley, sold everywhere for \$425. Our price \$315.
A fine Mahogany Whitney, cabinet Grand, 7-13 Octaves, fancy carved oak case, sold from new, \$275.
Excellent \$500 mahogany Steinway, in fine order, \$255.
Beautiful oak case Colonial Kimball, shows very little usage, \$267.
Elegant nearly new quarter-sawn oak case Cabinet Grand Victor, a snap for \$238.
Bailey piano, elegant, quarter sawed oak case, excellent condition, \$198.
Sterling, very nice ebony case, \$186.
And many others.

SQUARE PIANO IN EXCELLENT CONDITION.
A Gilbert piano, \$25. A Wake & Company, very good, \$50; one of the finest Chickering's we have ever seen, \$118 and a large sized Steinway, in perfect condition, \$116. A beautiful Kimball showing very little use, \$115, and a choice Hadlet & Davis, simply perfect, \$108. Musically speaking, these four last named pianos are equal to any new upright pianos, usually sold for \$400 to \$500 at retail.

Bring in \$5 or \$10 for a first payment down and we will arrange for payment of balance to suit your convenience. Don't put off coming until next week, but come today or tonight.

SOCIETY'S REALM

WEDDING DATES ARE ANNOUNCED

PLANS FOR HOME NUPTIALS AND OTHER SOCIETY NOTES OF INTEREST.

MISS ALICE FOLGER who will be a December bride.

The marriage of Miss Alice Folger, daughter of Mr. and Mrs. Alanson Folger of Sebastopol, Sonoma county, and Dr. Lewis Emerson, of this city, will take place December 22, at the home of the bride's parents.

The bride will be attended by her two sisters, Miss Emily and Miss Avis Folger, and only the closest relatives and friends have been bidden to the ceremony.

After an extended honeymoon trip Dr. Emerson and his bride will make their home in this city, where the doctor has a large practice.

The wedding of Miss Florence Mayhew and Joseph C. Shinn, of Niles, will be quietly celebrated at Niles next Monday. Only relatives and a few close friends are included in the guest list.

QUIETLY WEDDED.
A quiet wedding of interest took place yesterday in San Francisco, when Miss Katherine Leuterman, of Youngstown, Ohio, became the bride of A. D. Atherton, well known real estate man, and notary public of this city.

The couple supposed the wedding to be a secret, but when leaving the home of the bride's sister, Mrs. C. W. Smith, of Jefferson street, the newly married pair were treated to a shower of rice by their friends.

After a short honeymoon Mr. and Mrs. Atherton will be at home to their friends after November 25 at the Windsor Hotel.

ENTERTAIN TODAY.
Mrs. George Rodolph was hostess this afternoon from 3 until 5 at an elaborate reception given at her East Oakland home. The house was prettily decorated, the hall in yellow, caryatums, the living room in red carnations and Christmas berries, the dining room in pink bridesmaid roses and the billiard room in foliage and red berries.

Mrs. Rodolph was assisted in receiving by Mrs. William Hamilton Morrison, Mrs. George Hammer, Mrs. Robert S. Knight, Mrs. Newton Koser, Mrs. Francis Musser, Mrs. Charles Rodolph, Mrs. Fred Allard, Mrs. Arthur C. Collins, Mrs. Alice Page Cutting, Mrs. Stillman, Mrs. F. H. Smith, Mrs. Clarence Gray, Miss Mollie Mathes, Miss Dottie Everson, Miss Georgie Strong, Miss Stillman, Miss Mabel Gray, Miss Harriet Hall.

Mrs. Rodolph was entertained today at the Claremont Country Club for Mrs. Wheaton A. Gray of Los Angeles. Mrs. Pond was assisted in receiving her guests by Mrs. C. J. Judson, Miss Goldie, Mrs. H. W. Wadsworth, Mrs. C. H. Garoutte and Mrs. J. C. Lynch and among the guests were Mrs. E. J. Boyes, Mrs. Ernest Boyes, Mrs. Gilbert Curtis, Mrs. Elliot P. Wallace, Mrs. Lohse, Mrs. J. Walter Scott, Mrs. Pelton Taylor, Mrs. W. H. McLaughlin, Mrs. Frank Lawton, Mrs. Richard Bayne, Mrs. W. F. Burbank and Mrs. H. B. Mohrmann.

AN EXHIBIT.
The exhibit of water colors by Miss De Nees Morgan, which is being held at the rooms of the Faetate, Lyre and Pen Club at their rooms, 482 1/2 Thirteenth street, is a most creditable display of this artist's work. All but a few of the pictures are scenes from Carmel-by-the-Sea and Monterey, made during her stay there this summer and fall. Miss Morgan has certainly caught the spirit of the land dunes of Carmel, with their bright patches of color, the sea verbera and Indian palm brush.

Numbers 41, 42 and 43 are particularly interesting, showing the stretch of white sand. No. 23, Cypress on Monterey Coast, is a rugged and strong piece of work. The exhibition will continue this week, both afternoons and evenings, and all day Saturday. One will be well repaid in making a visit to the exhibition.

LITTLE HOSTESS.
Little Dorothy Price will be hostess at a delightful gathering tomorrow on the occasion of her fourth birthday. The little friends who will participate will include Hazel Price, Phyllis Cailson, Lois Brook, Alice Nielsen, Eleanor Nielsen, Bernice Lake, May

Hyomel Cures Catarrh Breathe it—
No dangerous drugs or alcoholic concoctions are taken into the stomach when Hyomel is used. Breathed through the inhaler, the balsamic healing of Hyomel penetrates to the most remote cells of the nose and throat, and thus kills the catarrhal germs.

SEARCH FOR MURDERERS.
MIDDLETOWN, N. Y., November 17.—Charles Henry Rogers, wanted for the triple murder of Willis and Fred Olney and Alice Ingerick near this city on October 6, last, has, it is said, been seen and his identity established in Kimball, Pike County, Pa. Detectives are now on his trail. The information as to Rogers' whereabouts was furnished by Miss Sadie Eugebee, a former Middletown young woman, who has been living at Kimball for some time. She was formerly well acquainted with Rogers and when he appeared at her home in Kimball she instantly recognized him and his her. Rogers quickly disappeared and Miss Eugebee started soon afterward for this place, where she gave the police information upon which they are now acting.

AT A CARD PARTY.
Mrs. Egbert Stone will entertain tomorrow at one of the pleasant affairs of the week, a card party for Miss Gladys Meek. Five hundred is the announced sum for the afternoon, and only members of the younger set are included in the guest list. Among those invited are Miss Harriet Meek, Miss Helen Thomas, Miss Josephine Denning, Miss Theo. Parr, Miss Carmen Sutton, Miss Ruth Kales, Miss Elsa Schilling, Miss King, Miss Lucetta Burnham, Miss Sevilla Hayden, Miss Katherine Kutz, Miss Ruth Foughton, Miss Gertrude Allen, Miss Jessie Fox, Miss Katherine Brown, Miss Bessie Coghlin, Miss Marion Walsh, Miss Neelle de Golla, Miss Cornelia Stratton, Miss Alice Knowles, Miss Mollie Mathes, Miss Claire Chabot, Miss Elsie Everson, Miss Clarisse Lohse, Miss Louise Hall, Miss Bessie Palmer, Miss Edna Havemeyer, Miss Vera Havemeyer, Miss Edith Downing, Miss Bonnie Downing, Miss Ethel Crellin, Miss Edith Beck, Miss Carolyn Oliver, Miss Anita Oliver, Miss Carolyn Parnass, Miss Arline Johnson, Miss Evelyn Hansen, Miss Suehls Brigham, Miss Margery Coggan, Miss Marion Mitchell, Miss Lillian Reed, Miss Irene Bangs, Miss Ruth Casey, Miss Helen Sinclair, Miss Ruth Merrill, Miss Hilda Van Sicken, Mrs. Roland Oliver, Miss Edna Prather, Miss Anita Thomson and Miss Marian Goodfellow.

LUNCHEON GUESTS.
Mrs. Wallace Alexander entertained yesterday for Mrs. George Doubleday and among the guests at the luncheon were Mrs. Frederick English, Magge, Mrs. Harry East Miller, Mrs. Charles Miner Cooper, Mrs. Edwin Goodall, Mrs. George H. Wheaton, Mrs. Edson E. Adams, Mrs. Irving Landberg, Mrs. Stanley Hooper Jackson, Mrs. John Henry Dieckman, Miss Claire Chabot, Mrs. T. L. Barker and her guest, Mrs. Peters; Mrs. George E. Whitney, Mrs. Edward Hughes Henry and Miss Violet Whitney.

WEDDING DATE.
The marriage of Miss Harriet Agnes McMahon and Rudolph Andrews Seltzer will take place December 28 at the residence of the bride's mother, Mrs. O. B. Leach, of Alhambra street. The bride-to-be, a graduate of Mills College, and a musician of ability, and the groom-elect is one of the prominent young men of Redding, and a graduate of the University of California.

The bride will be attended by Miss Ethel Nourse as maid of honor, while the groom's attendant will be Marion Nordyke of Redding. After the honeymoon the young couple will make their home in Redding.

AT EBELL.
Next Tuesday night an important day at the Ebell Club. Mrs. Melvin C. Chapman will be hostess, and the speaker of the day will be Hon. Tiley L. Ford of San Francisco. The subject announced is "The Law and the Lady," and since Mrs. Ford is one of San Francisco's most eloquent orators, a splendid treat is in store for Ebell members and their guests.

Also, Tuesday is an open day at Ebell and a large audience is expected to greet the eminent speaker. Besides the lecture the following musical program is announced: Selections, Prof. Palmer's Mandolin and Guitar Quintette; vocal solo, (a) Since We Parted, Francis Allislen; (b) Daffodils, Blowing; Edward German, Mrs. A. E. Nash. Vocal solo (a) Night, Landon Ronald; (b) The Spring Has Come (Maude Valiere), Mrs. E. C. Dow. Accompanist, Mrs. A. C. Dow.

Mrs. Chapman will be assisted in receiving by Mrs. J. B. Hume, president of Ebell, the members of the board and Mrs. Kate A. Bulkeley, Mrs. E. Creed, Mrs. J. G. Allen, Mrs. W. H. Creed, Mrs. J. G. Koser, Mrs. Frederick Stratton, Mrs. Edgar Stone, Mrs. M. F. Jordan, Mrs. E. L. Dow, Mrs. J. W. McClymonds, Mrs. Gordon Stoly, Mrs. D. B. Hunter, Mrs. J. W. Ches. Kierulff, Mrs. Dudley Kinsell, Miss Annie Farrier, Miss Irene Ruthertford.

LEFT YESTERDAY.
Mr. and Mrs. Denis O'Sullivan and their family left yesterday for New York, going later to their home in England. During their stay of four months in San Francisco they have been guests of Mr. and Mrs. Marvin Curtis, of Mrs. Thomas Magee Sr., and of Mr. and Mrs. Oscar Sutor. Mr. and Mrs. O'Sullivan may return next spring.

BRIDGE PARTY.
Mrs. John L. Howard was hostess yesterday at an informal card party.

Rev. Robert Seamon gave a song recital yesterday at the Newman Club in Berkeley.

TRYING TO DO AWAY WITH FENCES

The ordinances introduced by Councilman Meese for the regulation of second-hand junk dealers and pawnbrokers were referred to the City Attorney last night by the Ordinance and Judiciary Committee. While the ordinances were recommended, no further action will be taken until the City Attorney states whether the provisions are legally drawn or not. It is provided by the ordinances that a daily report of all sales bought by junk and second-hand dealers and pawnbrokers be made to the chief of police. The dealers are also required to give goods to house for a given length of time before disposing of them. The purpose of the ordinance is to do away as far as is possible of "fences" where thieves dispose of their loot.

Cured Consumption.

Mrs. B. W. Evans, Clearwater, Kans., writes: "My husband lay sick for three months. The doctors said that he had thick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago. Since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds has no equal. It is \$6.00 and \$10.00. Sold by Wishart's drug store, corner Tenth and Washington Sts.

Oakland Leads in Sanitary

BUTTER MAKING

"Over in Oakland there is a creamery, probably the only one in the State, that uses distilled water for washing and working their butter. Now, we have no data at hand as to whether this pays in actual practice—we don't know to just what expense they are compelled to go to make distilled water, but we don't believe the cost is very high. At any rate, the principle of the thing is so good that we want to call every buttermaker's attention to it."

"When they wash the butter and work it in distilled water they are proceeding on good sanitary and scientific principles. Too many creameries go to the trouble of destroying the bacteria in the cream and then turn around and introduce a whole lot of others through the wash water. But the use of distilled water is sure to be absolutely pure and there need be no fear of contaminating an otherwise good piece of butter."

PROBING MYSTERY

Tells of Life of Reputed Son of King George the IV.

NEW YORK, November 17.—That the British legation at Washington paid the tuition of James O'rd, the reputed son of King George IV and his lawful wife, Mrs. Fitzherbert, that British officers visited Georgetown University, where he was trained, and that the original O'rd bore a striking resemblance to the English King is the gist of a statement made yesterday by Rev. John Fox, S. president of St. Peter's College, Jersey City. Father Fox was at Georgetown University for many years and was intimately acquainted with the Jesuit astronomer Father Curley, who knew James O'rd. Father Fox said:

told me particularly that the bills contracted by young O'rd were met by the British legation and that in his time British officers frequently visited the institution to inquire for young O'rd. The two eldest sons of this O'rd attended Georgetown University when Father Curley was stationed there as a priest.

I met James O'rd in 1885. I did not broach the subject but when he gave me his name I recalled Father Curley's story. Although bent with age there was a long bearing about him.

James L. O'rd, the Western Union Telegraph superintendent in Chicago, is a direct descendant of the original O'rd and believes himself the legitimate grandson of King George IV and the legitimate heir to the estate of Mrs. Fitzherbert said to be \$5,000,000.

WILL ORGANIZE THIS EVENING.

The following notice has been issued:

The adjourned meeting for the organization of a Chamber of Commerce will take place Friday evening the 17th inst. at 8:15 at Chitrs Hall, Athenian Club. Committees on organization, nomination, membership, interview and location will make their reports.

You are most urgently requested to be present and bring with you any others who are interested in the welfare of Oakland. Let this meeting be an indication of the enthusiasm that is to characterize Greater Oakland in the doing of bigger and better things than we have thus far experienced.

QUEEN TO VISIT HERE

Dowager of Italy to Tour From New York to San Francisco.

NEW YORK, November 17.—It was learned yesterday, says the Tribune, that the announcement made so many times and denied that Queen Dowager Margherita of Italy was coming to America was true.

A Tribune reporter was told by a trustworthy informant that Queen Margherita had decided to come to the United States next year. She is anxious to see America and traveling incognito make a tour in an automobile from New York to San Francisco whence she will take a steamer for Japan.

HOLDS DIFFERENT VIEW FROM PRESIDENT

CHICAGO, Nov. 17.—A dispatch to the Tribune from Washington, D. C., says: Differences of opinion appear to exist between the President and his Secretary of the Navy on the subject of naval extension. The President has been urging the necessity for a big navy and pushed his views at times to a point where he could not get Congress to follow him. Secretary Bonaparte is opposed. The Secretary has decided to turn down the recommendation of the general board of which Admiral Dewey is president for the construction of three new battleships.

This plan was adopted by the general board to support the President's known wishes.

NATIONS TO SETTLE IT

United States and Canada to Discuss and Dispose of Questions.

CHICAGO, Nov. 17.—A dispatch to the Tribune from Washington, D. C., says:

Secretary Root is preparing to initiate negotiations with the British Government for the settlement of questions still pending with Canada. He has been in conference with John W. Foster, former member of the American-Canadian High Joint Commission, and with men representing the various interests which will be benefited by the removal of all friction in the relations between the United States and the Dominion. He has carefully considered the proceedings of the High Joint Commission, which failed to reach an agreement on account of the Alaskan boundary dispute, and the question of reciprocity, and is satisfied that, with the Alaskan boundary matter disposed of, there is no obstacle too great to be overcome if approached in a spirit of good will on both sides.

The spirit of conciliation will not be lacking so far as the executive branch of the government here is concerned, and it is believed it will not be absent from the attitude of the British negotiators. Canada will have to be consulted by the authorities in London, and there is no doubt the Dominion authorities will make a determined and vigorous fight for concessions to which they are entitled.

The Government in Washington understands that there prevails in Canada a feeling that the British Cabinet sold them out in the Alaskan boundary arbitration, giving way to the contention of the United States in order to maintain friendly relations with the powerful American Republic. Undoubtedly this view has a substantial basis of correctness and no surprise is expressed here at the feeling which has been created. But it is a bar to an agreement which must be jumped or removed, and, the latter being impossible, it is hoped the former can be done with the assistance of the British Government is expected to give.

So far as can be learned the British authorities are as eager as the administration to settle all questions pending between the United States and their country or its colonies, including Canada, but they feel that they must conciliate Canadian sentiment, and this means that they will make a stiff effort to obtain everything that is possible.

The questions to be settled with Canada and Newfoundland in the order of their importance, include: Tariff relations, fisheries, armament to be maintained on the great lakes, transit of merchandise in bond, alien labor laws, mining rights, conveyance of criminals, wreckage and salvage.

MUST TELL HARRIMAN. CHICAGO, Nov. 17.—A dispatch to the Record-Herald from Omaha says that employees of the Union Pacific Railway have received an order said to have come direct from President Harriman providing that all Union Pacific employees must tell whether or not they carry life insurance, and if so what kind. During the present week employees in several different departments have been catechized with reference to their life insurance.

All men have an inherent ability to make mistakes.

STRUCK BY TRAIN AT CROSSING

SECTION HAND RECEIVES INJURIES WHICH WILL PROBABLY PROVE FATAL.

POINT RICHMOND, Nov. 17.—A Santa Fe section hand by the name of Benjamin Miller, was knocked down by train No. 5 at 8 o'clock Wednesday morning, near the Ohio street crossing and sustained injuries which will probably prove fatal.

Miller had only been in the employ of the Santa Fe but a few days, being a stranger here and had quit and had just drawn his pay check. He was walking along the track toward town, when the Bakersfield local with Engineer W. S. Runyan in the cab came thundering along. The engineer saw the man and whistled to warn him off the track. He stepped off, but just before the train reached him he started back toward the track again in time to be struck by the beam of the pilot which knocked him down and fractured his skull.

Miller was taken to a doctor's office, his wound dressed and later was taken to a hospital in San Francisco. There is very little chance for his recovery, according to the attending physician. The whereabouts of the unfortunate man's relatives are unknown.

THREE WANT BODY.

The remains of B. F. Blackwell, the man killed at Richmond Saturday night by the "Owl" are still at the morgue here, owing to the fact that a son of the deceased, living in the southern part of Oregon desires to have the body shipped to him and a daughter who resides at Fruitvale wishes to have the remains cremated.

Blackwell lost his wife some years ago and the fact of his having remarried about three years ago, his present wife residing in San Francisco. A claim for the body was put in to Coroner Curry by both daughter and wife and the fact of his having remarried thus came out.

In all probability the body will be forwarded to the son living in Oregon, as Mrs. Blackwell has given her consent to such arrangement.

BRIEFLETS. John T. Ward, the new firm of Pillsbury & Co. San Francisco, was in town yesterday to prosecute the two Italians, Marchese and Barbone, accused of maintaining a set net in the waters of San Francisco Bay.

William Crichton, who owned the property known as the Vesle building destroyed by fire, says he will rebuild a fire-proof brick if he can get a tenant that will take the place for a term of years.

The Rev. A. C. Austin is to deliver the sermon at the union Thanksgiving service at the Methodist church on the 30th inst.

The Good Templars have a fine lot of young people in their lodge. Last Tuesday night they had all sorts of fun. Anyone who wants good company and wants to enlist in a good cause can have both by joining that order. The lodge meets every Tuesday evening at 8 o'clock at Robt's Hall on Richmond avenue.

Mr. and Mrs. J. C. McClellan, the evangelists have been invited by Rev. Quay to continue their meetings in the Presbyterian church the balance of this week. They are having good audiences. Mr. and Mrs. McClellan are from the Moody church and Bible Institute of Chicago. Every one is cordially invited to attend these meetings.

TWO CHILDREN DIE. The infant daughter of Mr. and Mrs.

J. S. Miller died Tuesday evening at the family home on Fourth street, near Macdonald avenue. The little one was only a few days old. The funeral took place yesterday from the home of the parents, Interment at Evergreen Cemetery, Oakland. Rev. H. J. Loken, Christian minister, conducted the services.

PERSONAL.

Dr. J. L. McMorrisson's father and mother were over to visit the doctor and his family yesterday from Berkeley.

Isaac Lester, the oil magnate, who has been looking after his orange and olive crops up near Sacramento for the past few days, returned home yesterday.

Miss Lillian Parks has succeeded Miss Della Sargent in the Richmond postoffice. Miss Sargent resigned.

A. F. Horstman, the cashier of the Irving Banking Co., has taken one of the Hale cottages on First street, off Macdonald, and is moving in today.

WRECKAGE FOUND.

KINGSTON, Ont., Nov. 17.—Wreckage has been found in the vicinity of the Galloupi Island, near Sodus, by incoming vessels. The description of the wreckage tallies with the build of the schooner Marda, coal-laden bound from Sodus to Napanee, Ont. which has not been reported for ten days. The Marda was owned and sailed by Captain Bacon of Toronto.

The telegraphed accounts of the disturbances in Russia are confusing to many in this country, who are not informed as to the meaning of certain terms. For instance, it is popularly supposed here that the "Black Hundred," the organization which has done so much looting and committed the worst outrages against the Jews, is a revolutionary society. On the contrary, it is loyalist. It has been organized by government agencies as a counter to the movement to establish a constitutional government, and is devoted to the old order and the state church. The "Black Hundred" has been particularly active in mobbing students, Socialists and Jews. It has

a sure cure. Thousands have already done so in the past 50 years and their example is surely a good one for you to follow. It always cures

THE GOOD THINGS OF EARTH

Are Not All Far-Fetched.

That our American forests abound in plants, the roots of which possess the most valuable medicinal and curative virtues, is abundantly attested by scores of the most eminent medical writers and teachers of our age. Even the untutored Indians had, by intuition and experiment, discovered the usefulness of many native plants before the advent of the white race on this continent. This information, crude though it was, imparted freely to the friendlier of the whites, led the latter to continue investigations until to-day we have a rich assortment of more valuable American medicinal roots and herbs.

It is no longer thought necessary that a medicinal agent, in order to be good and useful, must have been brought across the ocean or that "being carried seven times across the Sahara Desert on the backs of fourteen camels" makes it the more valuable.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most of our obnoxious and most fatal diseases, if we would properly investigate them, and, in confirmation of this firm conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medicinal science. Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is simply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured of leucorrhoea, painful periods, irregularities, prolapsus and other displacements of uterus and kindred affections, often after many other advertised medicines had failed.

Both these world-famed medicines are wholly made up from the glyceric extracts of native medicinal roots, found in our American forests. The processes employed in their manufacture were original with Dr. Pierce, and they are carried out by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Such medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each of their wrappers. They are both made of such native medicinal roots as have received the strongest endorsement and praise for their curative virtues from the most prominent writers on Materia Medica in this country. What is said of their power to cure the several diseases for which they are advised may be easily learned by sending your name and address to Dr. J. C. Pierce, Buffalo, N. Y., for a little booklet which he has compiled, containing copious extracts from numerous standard medical books, which are consulted as authorities by physicians of the several schools of practice for their guidance in prescribing. It is FREE TO ALL. A postal card request will bring it.

You don't have to rely solely upon the manufacturer's say-so as to the power of Dr. Pierce's medicines to cure, as with other medicines sold through druggists. You have the disinterested testimony of a host of the leading medical writers and teachers. Send for this copious testimony. It can be relied upon to be truthful because it is entirely disinterested.

From the little booklet above mentioned, you will learn what a marvelous curative action Stone root, one of the prominent ingredients of Dr. Pierce's Golden Medical Discovery, exercises over the liver and its diseases, especially those vulgar affections which are attended with difficult breathing, smothered sensations, palpitation or irregular heart action. Dr. Pierce, author of Pierce's Epitome of Medicine, considered Stone root specific in these cases, and cited bad cases cured by it in his extensive practice. Golden Seal root, another prominent ingredient of Dr. Pierce's "Discovery," is also a valuable heart tonic, as is also Black Cherry bark, another ingredient. You will also learn that the eminent Drs. Hale, Ellingwood, Johnson, Hare, Coe and others recommend Golden Seal root, and several of them Stone root, Queen's root, Bloodroot and Black Cherry bark for bronchitis, throat and lung affections attended with hoarseness, persistent cough, night-sweats and kindred symptoms indicating approaching consumption. All these agents are faithfully and fully represented in Dr. Pierce's Golden Medical Discovery, and it can be confidently relied upon to produce their combined curative effects, not only in the above mentioned affections, but also in all catarrhal diseases, no matter whether affecting the nasal passages or other regions of the body.

In nasal catarrh, while relying on the "Discovery" as the best constitutional remedy known to medical science, Dr. Sage's Catarrh Remedy should be used to cleanse the nasal passages. Together they constitute the most thorough and effective course of treatment which can be employed for the cure of that troublesome disease.

No other medicines sold through druggists for like purposes, have any such professional endorsement as Dr. Pierce's, and in consequence, none are so largely prescribed by physicians who know what they are made of and that their composition is of the best ingredients regardless of cost. Send for the little free book now.

The "Golden Medical Discovery" must not be expected to produce miracles. While it is especially suited for the cure of all chronic, lingering coughs that are curable, it is not so effective in acute colds and coughs unless slippery elm coupage, laxative tea, solution of gum arabic, or other mucilaginous demulcent be drunk freely in connection with its use. Nor must the "Discovery" be expected to cure consumption in its advanced stages. In its early stages it will stay its progress and often effect a cure if its use be persisted in for a reasonable length of time. Send for the little book above and learn what these most eminent in the medical profession say of the ingredients out of which Dr. Pierce's medicines are made and thereby learn why they cure obnoxious diseases.

Doctor Pierce's Pleasant Pellets cure biliousness, sick and bilious headache, dizziness, costiveness or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belching, heart-burn, pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Put up in glass vials, tightly sealed, therefore always fresh and reliable. One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels.

A good medical book, written in plain English, and free from technical terms, is a valuable work for frequent consultation. Such a work is Dr. Pierce's Common Sense Medical Adviser, in plain English, or Medicine Simplified. It is a book of 1008 pages, profusely illustrated with wood cuts and colored plates. It is given away now, although formerly sold in cloth binding for \$1.50. Send 21 cents, in one-cent stamps, to pay for cost of mailing only for paper-covered copy, addressing Dr. J. C. Pierce, Buffalo, N. Y., or 21 cents for an elegantly cloth-bound copy. It gives over 300 prescriptions for the treatment of acute and chronic ailments.

W. D. Armes, chairman of the Musical and Dramatic Committee of the University of California, reports that 1889 persons attended the concert given by The Ellery Band and that the profit to the University was \$114.08. This amount is added to the musical and dramatic fund, which is used for the support of the various musical and dramatic entertainments given under the superintendence of the committee. Partial arrangements have already been made for another concert to be given by the Ellery Band next spring. Two years ago the Ellery Band played at the University and the profit was \$38.35; so that it can be seen that the Greek Theater is rapidly growing in popularity as a place in which to give such entertainments.

FOOTBALL PLAYERS ARE CALLED "PIGS"

Professor Howison Roasts College Men Who "Wallow in the Dirt."

BERKELEY, November 17.—A red-hot "roast" for football was delivered yesterday afternoon by Professor George H. Howison of the department of philosophy of the State University. He added his condemnation of the game of football to the diatribes directed against the sport by President Eliot and other college authorities in a lecture before his class in ethics.

Football players "wallowing in dirt" remind Professor Howison of "pigs" and it was as "pigs" that the venerated philosopher spoke of the players today. His contempt for the exhibition of brute force provided at football games has been expressed before in other years, but yesterday the distinguished philosopher gave a new turn to the discussion of the ethics of the game when he fastened upon the football stars the undignified appellation of "pigs."

"College spirit and college loyalty are given very poor outlets for expression when a football game, in which eleven fools contest against eleven other

fools in the dirt for supremacy, is utilized as an occasion for exhibiting the so-called 'loyalty and spirit,'" declared Professor Howison. "In my opinion, college loyalty could better be shown by applause and cheers for such men as George and Frederick Phillips, than for Knubs and Overall."

"The spectacle of twenty-two men wallowing in the dirt of a football field inevitably suggests pigs rooting in mire, while thousands of persons 'root' in the grand stands at the spectacle provided on the field. We know what sort of animals 'root.' Pigs root. The pig idea is pretty fully carried out in the football frenzy. It is all degrading, deplorable, it seems to represent the supremacy of dirt and interest in brute force and animalism rampant."

"People pay \$2.50 apiece to see the exhibition, and perchance to see one of the 'pigs' killed. Then it is called 'loyalty to college' and an exhibition of college spirit." We are supposed as university men to stand for scholarship, and mental effort, but when the 'rooting' is all for a pig-like exhibition provided by men wallowing in the dirt, our ideals seem to have sadly degenerated."

BERKELEY MEN OFF FOR THE ORIENT

Contractor and Engineer Will Take Look at Seven Million Job.

BERKELEY, Nov. 17.—When the steamship Mongolia sailed at 1 o'clock yesterday from San Francisco, bound for the Orient, she carried a party of prominent Berkeleyans, who are going to Manila on an important mission. The party includes W. J. Schmidt, the local contractor; J. J. Jessup, chief deputy in the Town Engineer's office and formerly an instructor in civil engineering in the university, together with their retinue of assistants and interpreters. Schmidt is going to Manila to look over that city with a view to bidding on the gigantic sewer and water system about to be established there by the United States Government. Jessup accompanies Schmidt as consulting engineer. The latter will

make a thorough inspection and survey the territory that bids to be prepared for the great undertaking, which will require an expenditure of some \$7,000,000. Schmidt will investigate thoroughly the situation in Manila and upon returning to Berkeley will be prepared to bid on the great sewer and water system for the principal city in the Philippines. He will also go to China, where he will visit his relatives before returning to this country. Schmidt, after completing his work in Manila, will complete a tour of the globe. He will go from Manila to China and thence to Europe, where he intends visiting all points of interest.

to do missionary work for the next three years, and probably for the remainder of their lives. They leave their youngest child, an infant of eight weeks, under

RULERS OF THE WORLD
Meat Eating Nations Are the Leaders in Every Branch of Human Achievements.

The ruling nations of the world are meat eaters and history record that they always have been.

Vegetarians and food cranks may explain this in any way they choose, but the facts remain that the Americans, English, French, Russians and Germans are meat-eating nations, and they are also the most energetic and most progressive.

The principal food of the heroic Boer soldier, known as Billton, is a sort of dried beef, affording a great deal of nourishment in a highly concentrated form.

The meat-eating Chinese, Hindus, and Spaniards, regarded since the dawn of history as non-progressive, superstitious and inferior physically and mentally to the meat-eating nations who dominated them.

The structure of the teeth plainly indicates that human beings should subsist upon a variety of food, meat, fruit and grains, and it is unhygienic to confine one's diet to any one of these classes to the exclusion of another.

Meat is the most concentrated and most easily digested of foods, but our manner of living is often so unnatural that the digestive organs refuse to properly digest meats, eggs and similar nutritious and wholesome food, but it is not because such food is unwholesome, but the real reason is that the stomach lacks, from diseases or weakness, some necessary digestive element; hence arising indigestion and, later on, chronic dyspepsia.

Nervous people should eat plenty of meat, convalescents should make meat the principal food, hard-working people should eat meat and brain-workers and office men should eat, not so much meat, but at least once a day, and to insure its perfect digestion one or two of Stuart's Dyspepsia Tablets should be taken after each meal, because they supply the pepsin, digestase and fruit acids, lacking in every case of stomach trouble.

Nervous dyspepsia, catarrh of stomach, gastritis, sour stomach, gas and acidity are the only different names for indigestion. The failure to digest wholesome food, and the use of Stuart's Dyspepsia Tablets cures them all because, by affording perfect digestion, the stomach has a chance to rest and recover its natural tone and vigor.

Stuart's Dyspepsia Tablets is the real household medicine; it is as safe and pleasant for the stomach, ache of the baby as it is for the imperfect digestion of the grand old man. They are not a cathartic, but a digestive, and no pill habit can ever follow their use; the only habit Stuart's Tablets induce is the habit of good digestion and consequently good health.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Mrs. Emma Sawyer.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the eyes, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A derangement of the female organs developed nervous prostration and a serious kidney trouble. The doctor attended me for a year, but I kept getting worse, until I was unable to do anything, and I made up my mind I could not live. I finally decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am to-day a well woman. I cannot praise it too highly, and I tell every suffering woman about my case." Mrs. Emma Sawyer, Conyers, Ga.

Mrs. Pinkham gives free advice to women; address in confidence, Lynn, Mass.

the care of Rev. Jenkins of San Francisco, who is associated, with Clinton in conducting the Puritan restaurants of that city, in which Clinton has a third interest.

Clinton and his family go to the Orient on their own responsibility, using their own funds to spread the gospel among the Chinese. They are members of the Friends' Church and the great of that denomination will be taught among the Celestials of Tai Ming Fu, North China, their destination.

At the time of their marriage Mr. and Mrs. Clinton were both officers of the Salvation Army. They came to Berkeley about eight years ago and Clinton opened a restaurant on Center street. Later, in company with several men of the Friends' Church, he opened a restaurant in San Francisco, known as the Puritan. Later branches were opened in various parts of the city and the business gradually became one of the largest of its kind in the metropolis. Considerable money has been made and Clinton's share he will devote to his missionary project.

The Clinton children who are accompanying their parents on their mission to China are Evangelina, Clifford and Margaret, aged respectively 8, 6 and 4 years.

LORE OF CHINESE

Fox-Myths Subject of a Talk.

BERKELEY, November 17.—The fourth meeting of the California branch of the American Folk-Lore Society was held in room 22, South Hall, University of California, Berkeley, Tuesday, November 14, 1905, at 8 p. m., Charles Koeber presiding.

The following persons approved by the council were elected to membership in the society, the secretary being instructed to cast the vote of the society for them: R. F. Herrick, Mrs. S. C. Bigelow, San Francisco; Mrs. Zelia Nuttall, Mexico, and Mr. and Mrs. Oscar Maurer, Berkeley.

The president spoke briefly on the aims of the society, reviewed its history, and announced coming meetings.

Professor John Fryer then delivered a lecture, illustrated with specially prepared lantern slides, on "Fox-Myths in Chinese Folk-Lore." Professor Fryer briefly discussed Chinese folk-lore in general, its hold on the mind of the people, the important place occupied by superstition regarding the fox, and recounted a number of interesting and suggestive folk tales.

Two hundred persons attended the meeting.

BITS OF CHAT FROM BERKELEY

BERKELEY, Nov. 17.—Reginald Thomas, a prominent track man, has left college to accept a position with the Union Pacific Railroad.

Dr. S. E. Lynd of this city, State superintendent of the State Prison Association, was at Sacramento this week.

Miss Florence Wilson of San Luis Obispo is the guest of her sister, Mrs. Rogers, and will remain here for several weeks.

Mrs. Frank Abbey and her son, Lawrence, of Biggsville, Ill., are the guests of Mrs. W. J. Seifeld of 1808 Oxford street.

Mrs. W. W. Grove, a former resident of Berkeley but now of Spokane, Wash., is visiting relatives and friends here.

Ina Colbrith, the well-known California poetess, was entertained at luncheon Tuesday afternoon by J. W. Vore at her residence on Deakin street. Miss Colbrith is very fond of the University city and spends considerable of her time here.

SEASON'S END FOOTBALL GAME

The football enthusiasts of the college town will be glad to learn that those popular football clubs, the Seacrests and the Springfields are making elaborate preparations for their annual game which will be played on the morning of Thanksgiving Day on Berryman Field, North Berkeley. Nothing will be left undone to make this year's contest even more of a success than last year's affair, as the boys realize that the football public now looks eagerly forward to this annual match, and they are anxious to make as brave a showing as possible before their many friends.

The teams, no doubt, will be composed, chiefly, of former high school stars, as well as a number of the members of this year's Berkeley High team, and with the possibility of being reinforced by a few of the freshmen players. The teams should be exceptionally strong, and when the keen rivalry, which has existed between these clubs for years is taken into consideration, a rattling good game can be looked for on the 30th.

As yet it is impossible to get a line on the actual make-up of the teams, but most likely to the great number of football fans who desire to get into this end of the season game, it is certain that the names of many well-known players will appear. It is expected the teams will average in weight about 150 to 160 pounds.

Last year's contest ended in a 3-0 score, and although the playing was brilliant, and entirely satisfactory to the crowd present, the players were a little disappointed, as both teams counted on winning. The boys declare that one of the teams must win this year, and that they will tip things up in great shape to gain their end—the long end of the season.

The game last year was marred by the crowd continually surging upon the field and hindering the game, which had to stop time and time again, until the mob was driven back. Manager Brock of the Seacrest team stated that it is his intention to put the field in excellent shape, rope off the side-lines, and have it properly patrolled in order that the players will have the needed space, and which will also allow the spectators an even chance to see the game.

FITZ SELECTS CROLL'S IN ALAMEDA

Bob Fitzsimmons will begin his training tomorrow at Croll's Gymnasium, Alameda, to get into shape for his coming battle with Jack O'Brien before the Yosemite Club, at the end of next month. Fitz and his manager made a thorough canvass of the different training quarters, and decided that the Alameda resort was the proper place for them.

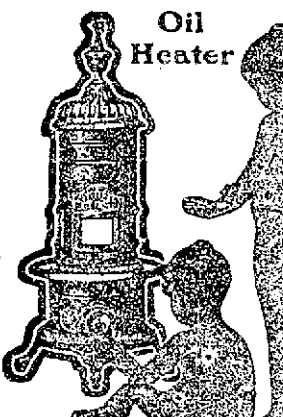

Fitz will be assisted in his work by Harry Foley, the middleweight. Billy Delaney has offered the services of Al Kaufmann to the former champion, and it is possible the ex-Olympic Club man will be swapping punches with the Cornishman within the next few days.

This is an excellent opportunity for Kaufmann to test some of the finer points of boxing from Fitzsimmons, and to impart to Fitzsimmons some of the knowledge of the ex-Olympic Club man, owing to the experience he had with O'Brien in their recent contest.

O'Brien will make his training quarters at Sheehan's Tavern. At present he is in fine shape, so will not go into training for a few days.

GOSSIP FROM LOCAL TRACK

Discussion of Yesterday's Races and Some Crisp Tips.

In the opening race at Emeryville yesterday the talent started off right by unloading on the favorite Pickaway. Knapp got his mount away nicely, and allowed Edinborough to lead under suzerainty. Then "Big Bill" got busy, and drew away from Storer's bird, winning in a canter. Blumenthal was third all the way. The others cut very little figure in the race.

The second race was a two-year-old scramble, and Starter Holtman sent them off to a miserable start. Aronalls, who on her showing last out was made an easy money favorite, and Gilette the second choice, were turned sideways when the barrier was sprung. Cowsure, who was making his first appearance here, was the only one ready and Radtke taking advantage of the start, tipped his head winning all the way. With anything like an even break Aronalls could not have lost, at that she ran a good race and only lost the place by a head to Gilette. The latter also made a clever showing.

Magnane was a block the best in the third race. The black gelding raced out with Romalme, the favorite for half a mile, then drew away winning as he pleased under double wraps. These two were the only ones in the race. Pontor was an easy third all the way. The winner was bid up from \$1100 to \$1300 after the race, but was retained by his owner.

W. B. Jennings' two year old Con-federate took into camp the mighty Bearcatcher in the handicap. There were only four starters in the sprint and Ferguson's sterling performer was a 1 to 2 favorite. He never at any stage of the race looked to have a chance to win, for when Radtke let out a wrap on Jennings' trick, there was nothing to it, as he won by four lengths.

Retropaws was an easy third from Sea Air.

The backers of Ed Lilburn in the fifth had a close call for Jockey Langue through overconfidence, almost tossed the race off. Byroperdale was coming fast and in another jump, would have scored, as it was he lost by a head. Clocke D'or closed an immense gap, and was an easy third.

Callaghan was in a soft spot in the sixth race. He was an overwhelming favorite 3 to 5, and after the barrier broke, it was all over but the shouting. Little Wright had only to look wise and simply "tin-can" home. Firm Foot got up in time to get the place by a head from Tramway. The others were strung out.

The twenty-two books that cut in Wednesday have all they can do to handle the money that was showered at them.

Ed Bert, the genial cashier for Joe Harvey's poolroom at Sausalito, was a visitor at the track yesterday.

John Gardner, the expert sheet-writer, has connected himself with the Emeryville club.

Plunger Newman, who hails from St. Louis, the city of breweries, is among us again, after an absence of several years.

Owner Tommy Griffin will ship his horses today from New York to San Francisco.

Bob Smith has side-stepped the game out here this winter.

Jockey Williams is here with the Robinson stable.

George Miller, the popular trainer, is getting his horses ready for the Ingleside game.

TWIN SULLIVAN TELLS WHY HE SHOULD BEAT GARDNER

Mike (Twin) Sullivan does not think Jimmy Gardner will stand much of a chance to get a match with Battling Nelson after their contest next Friday night. Sullivan has read of Gardner's ambition to meet Nelson in the ring and yesterday he had the following to say on the subject:

"Jimmy had better wait until he has fulfilled his contract with me before he talks of future matches. I don't think he is going to win the battle Friday night or I should not have made the match. You see I have met Gardner twice before and the referee gave us a draw each time, although I was truly convinced that I had a big lead on him in the last fight. Gardner's credit of having won the five-round contest, but I'll tell you a big red apple that Gardner himself will tell me that he will tell me that I had a shade the best of the bout even though it was called a draw."

COACH WM. T. REED, JR. SAYS ABANDON FOOTBALL

CAMBRIDGE, Mass., Nov. 17.—Coach William T. Reed Jr., of Harvard, one of the men who lunched with President Roosevelt on the day that he advocated reforms in football, has written an open letter to the Secretary of the Harvard Graduates Athletic Association, advising that body, either to abandon football altogether or reform the game.

The letter is probably written at the suggestion of President Roosevelt and for that reason may affect materially the future of the game.

The letter follows:

"To Mr. D. Merrill, Secretary Harvard Graduates Athletic Association, Dear Sir:—After several years' experience with intercollegiate football, after careful consideration of the criticisms which have been made of the game, and after the many honest but fruitless efforts to change it, I feel that the game as it is played today has fundamental faults which cannot be removed by any mere technical revision of the rules.

"Although I am willing to admit that the necessary roughness of the game may be objectionable to some people, that appears to me to be much less serious than the fact that there is a distinct advantage to be gained from brutality and the evasion of the rules—offenses which, in many instances, the officials cannot detect because they are committed when the players and the ball also are hidden from the eyes of the umpire. In addition, it seems to me that the influence of the game and of the conditions which now accompany the important contests of the season on the players, the students, the graduates and the public generally is not on the whole an influence for good. For these reasons, I have come to believe that the game ought to be radically changed or else abandoned.

"I therefore respectfully request your association, which represents the alumni of the university, immediately to appoint a committee whose duty it shall be to make careful investigation of the subject, and either to report such thoroughgoing alterations in the game as will remove the unfair advantage now obtained from violation of the rules, or to put a higher premium on skill, make more weight and strength of less value and will produce a more scientific and interesting sport, or if such a transformation of the present game cannot be brought about, to suggest some new style or kind of game to take its place at Harvard.

Very truly yours,
W. T. REED, JR."

COUNT OF FLANDERS HAS PASSED AWAY

ACCEPTS RESIGNATION.
CHICAGO, November 17.—A dispatch to the Record-Herald from Washington says: President Roosevelt yesterday accepted his resignation of Lieutenant Granville R. Fortescue, Tenth United States Cavalry. Lieutenant Fortescue was named as one of the several co-defendants in the suit for divorce brought by Major Elmore Taggart, U. S. A., against his wife at Wooster, Ohio. Last winter he was on duty at the White House social function.

While they made but one less base hit than their opponents, the Oaks went down to ignominious defeat yesterday, the totals in runs being six for the Tigers and two for the Misfits. More than their usual stupidity was displayed by the Commuters while on the bases, Dunleavy capping the climax to this line by trying to steal second base while Van Halten was occupying that sack. Dun had no difficulty in negotiating the bag, but as the ball was held snugly between second and third poor old Van never had a chance to advance.

It was stated yesterday by the Tiger king that, in all probability, the Saturday and Sunday games hereafter will be played at San Jose, as the attendance, or lack of attendance, here is frightful. The change may do the Oaks good, while there will be no mourners left behind.

DECISION WON BY ABIE ATTELL

BALTIMORE, Md., November 17.—Abie Attell was given the decision over Tommy Mowatt after fifteen rounds of fierce fighting before Al Herford's Eureka Athletic Club last night. Mowatt made the pace and always took the fight to Attell, but was not clever enough to do much damage to his shifty adversary. Attell worked a straight left and a right swing that cut up Mowatt's face badly, but Attell did not have the punch that gets the money. Mowatt was floored three times, but not made groggy. Both men were in great condition and Attell was unharmed. In several rounds Mowatt rushed Attell to the ropes and did a lot of wild swinging that did little harm.

NEW PITCHER FOR PHOENIX TEAM HAS A GOOD RECORD

HARRY TYSON.
Harry Tyson has pitched for the Heeseeman Club of the State League during the second half of the season, and made a very creditable record. He had been pitching before with some amateur teams around Niles and Centerville, and he was spoken of as a "phenom," but he never had a chance to show what was in him until he was signed by the Heeseemans. In his first game in the State League he was pitted against Roy Hitt at Fresno and he surprised a record-breaking crowd by shutting out Fresno by a score of 1 to 0. He has been pitching winning ball ever since against such twirlers as Ferguson, Hitt and Meyers, and is a tower of strength in the box. He stands 6 feet 3 inches and has all the curves and shoots known to a right-hander. He has entered St. Mary's College and will twirl for the Phoenix team.

AMATEURS BOX AT WEST OAKLAND CLUB TONIGHT

Everything is in readiness for the bout at the West Oakland Club tonight, and no doubt a large crowd will be on hand to witness them. All the contestants are in fine form and some fast work will be in order.

The first bout, which begins at 8:30 sharp, brings out Hop Lee and Johnny Crowe. Both jacks are anxious for the bout and will mix it from start to finish. George Smith and H. Meyer then come together. The way these two men have trained leaves no doubt as to the result. This event should provide one of the best bouts of the evening.

Young Windum and J. Jones will then exchange blows. Both these men are in fine trim, and as they are both fast and clever, an excellent go will be in order.

Kid Bosco and Ed Carter then clash. According to the reports from the managers of these two men they both feel confident of ending their go by the knockout route.

Jackson Hampton and Joe King will then see who is the better man. Both men are anxious for this meeting. The main event, between Ed Mensor and Jack Riley will close the show. Both of these men are determined to win, and as they are both in the best possible shape they will no doubt put up one of the fastest bouts seen at the club for a long time. The club is making arrangements to handle a large crowd and every one is assured a good time.

EDDIE HANLON TO FIGHT ERNE

LOS ANGELES, November 17.—Manager McCarty of the Pacific Coast Athletic Club of Los Angeles announced that Eddie Hanlon, the Eastern lightweight, has been matched to fight a twenty-round go with Ernest Milwaukie on December 15. The bout, however, is conditioned on Young Erne winning his fight from O'Leary in Milwaukee.

NELSON AND GARDNER NEXT

NEW YORK, November 17.—The prospects now appear bright for Battling Nelson's next fight being in the East, for twenty rounds at the recently organized Tuxedo Club, of which Tom O'Rourke is the manager. In Delaware County, Pa., and a few minutes out from Philadelphia. The expectation at present are to hold the fight there within seven weeks and the management is naturally very anxious to get the match between Nelson and McGovern.

"There is a strong probability," says Nolan, "that Jimmy Gardner, as I have already stated on several occasions, will be the next man we stack up against."

RACE HORSES KILLED AT ASCOT

LOS ANGELES, November 17.—The accident of the winter racing season at Ascot Park occurred yesterday morning. Two good horses, Springwater and Schoolcraft, were instantly killed and their riders escaped death by a miracle.

Rennecamp, the Canadian jockey, was severely bruised, as was also the negro exercise boy on Schoolcraft. Rennecamp was breezing Springwater, taking him about a mile around the inside track. At the half pole he pulled up, intending to take his mount back to the stable. Just as the two horses broke into the return canter two horses passed the half pole, coming like the wind. They were Schoolcraft and Jake Sanders, two of the fittest string. Springwater heard them coming and bolted straight into the path of the on-coming sprinters. The negro on Schoolcraft lost his head and allowed his horse to swerve into the rail just as Springwater plunged forward. The animals met head-on with a crash. Both riders went high in the air. Both horses were killed, but neither boy had any bones broken.

Happiness Hinges on Shoes

You can't be comfortable or good natured, or even decently agreeable unless your pedal extremities are clad in well-fitting shoes.

The chief trouble is, most shoe designers and makers strive for beauty and style—things that show well in the selling—and neglect the most essential item of easy, natural fit.

Our "Savoy" \$3.50 men's and ladies' Shoes are as stylish as any shoes need be—and they're as comfortable as any shoes can be. Calf and patent leather—best quality—sure to suit as well when worn a month as the day they're bought.

"Savoy Shoes" of all sizes, of all styles, for all feet, for all occasions; and only one price—

RAILROADS SAY; 'NO!'

California Lines Put Stop
to Personally Conducted
Excursions.

CHICAGO, Nov. 17.—The Tribune today says: The California lines have, by an order issued yesterday, put a stop to the personally conducted railway excursions which have been flourishing in that field for years. Not only will a large number of railroad conductors, probably 125, whose salaries average \$100 a month each, lose their positions, but at least one tourist excursion bureau, which makes a specialty of personally conducted tours to California, will be driven out of the business.

During the day the connections of the Santa Fe, Southern Pacific and San Pedro lines were notified that hereafter these roads will not accept tourist cars containing personally conducted parties, and they will not even take the cars which started out as personally conducted parties, even the personal conductor is not on the train during the haul over these lines.

The reason given for taking this action is that travel to the Pacific Coast has become so common that travelers generally are familiar with the route. They say that the railroad officials themselves can care for the passengers just as well as the personal conductor. There is not to be any interference with the high-class excursion, which, though personally conducted, travels in a first-class Pullman for section being laid upon the tourist cars only.

DEATH TAKES OFF YOUNG MAN

HAROLD CUMMINS PASSES AWAY
ON TWENTY-EIGHTH BIRTHDAY.

PLEASANTON, November 17.—Harold Cummins, only son of Mrs. Anna Cummins of San Francisco, and nephew of Mr. and Mrs. L. C. Walter, passed away Thursday morning at 11 o'clock at the residence of Mrs. Bennett, where they were staying. Mr. Cummins was a native of San Francisco and passed away on his twenty-eighth birthday. He had spent much time here during the past year for the benefit of his health, and had grown very popular among a large circle of friends. The end came suddenly, as he was only confined to his bed a few days. Besides his mother, he leaves a sister, Mrs. G. M. Watkins of San Jose. The remains were taken to San Francisco, where the funeral will take place.

PAY OFFICIAL VISIT.
J. F. Frick of Lompoc, grand trustee of the Foresters of America, paid an official visit to Court Allied Tuesday evening. A candidate list was given, and very interesting talks were made by the grand officer and Grand Junior Beattie W. H. Dehaue, who was also present. Coffee and cake were served at the conclusion of the large ceremonies. Mr. Frick was formerly a resident of Oakland and is a brother of A. L. Frick, who is just now in the public eye on account of his connection with the Blaker case as the defendant's attorney.

BUYS FINE FARM.
Frank Jermya, a wealthy resident of Sonoma, Cal., has purchased the 200-acre Valusia place from Mr. Butler, the millionaire grocer and horseman of New York. Mr. Jermya will greatly improve the property, building a new residence and fixing up the box stables, which he will have tenanted with a number of fast harness horses which he owns.

PERSONAL.
James Coffin, secretary of the Alameda Sugar Company, visited the company's property near Pleasanton Thursday.

Henry Crosby of Centerville was one of the guests at the Ross House Tuesday. Mrs. Laura Weed spent a few days in San Jose this week with relatives. Mrs. Wm. Casselman is visiting in Oakland.

Dr. and Mrs. S. J. Wells are happy over the arrival of a little native daughter at their home on Monday. Dan Madsen, eldest son of Mr. and Mrs. P. Madsen, stepped on a rusty nail on Tuesday, causing a ugly wound. He will be confined to his home for some time.

DEATHS ABOARD SHIP.
PORT TOWNSEND, Wash., Nov. 17.—Two deaths occurred en route aboard the British ship Samson, arriving here last night for Port Angeles, from Acapulco. It is reported that several others are seriously ill aboard, and it is believed they have malaria fever. The quarantine officials are investigating.

FAVOR GOOD INDIANS.
SYRACUSE, N. Y., Nov. 17.—One hundred representatives of the Six Nation Indians yesterday concluded a meeting at the Onondaga reservation, where an effort was made to revive the pagan religion, make sacred the marriage relation and stamp out intemperance.

RING WORM AND DANDRUFF.
They Are Each Caused by a "Pestiferous Germ."

Ring worm and dandruff are somewhat similar in their origin; each is caused by a parasite. The germ that causes dandruff digs to the root of the hair, and saps its vitality, causing falling hair, and finally baldness. Without dandruff there would never be baldness, and to cure dandruff it is necessary to kill the germ. There has been no hair preparation that would do this until the discovery of Newbro's Herpicide, which positively kills the dandruff germ, allays itching instantly and makes hair glossy and soft as silk. Take no substitutes. There is nothing "just as good." Sold by leading druggists. Send 10 cents in stamps for sample to The Herpicide Company, Detroit, Michigan.

PANIC AT BULL FIGHT

American Women Become
Unconscious When
Witnessing Sport.

CHICAGO, Nov. 17.—A dispatch to the Tribune from El Paso, Tex., says:

At the bull-fight at Ciudad Juarez yesterday, given for the American Mining Convention, there was a panic when Felix Robert, the French matador, who claims to be the only matador of that nationality, was tossed in the air and carried from the arena bruised and bleeding.

Later the same bull, a ferocious beast from the ranch of General Luis Torres, Governor of Chihuahua, made a run and plunged its long sharp horns through the crowd, killing a woman and wounding many others.

The spectators sickened at the sight and women fainted and screamed to be carried out. A section of the Americans from every part of the United States, few of whom had ever seen a bull-fight, and for a time the scene was a scene of confusion.

Order was finally restored, but most of the Americans left, deciding that they had already seen enough of the Mexican and Spanish national sport, although this was only the second bull up for slaughter out of the four marked for the matador's sword.

GONE FOR HORSES

Preparations Making For Railroad Grading.

HAYWARD, November 17.—Peter H. Hoare started yesterday for Kansas, where he expects to pick up several carloads of fine work horses for the E. B. & A. I. Stone Co., who have secured the sub-contract for grading a considerable piece of the Western Pacific roadbed, from Hayward east.

WOODMEN.
Cypress Camp No. 141, W. O. W., expects to give the obligation (which starts their life insurance) to a class of fourteen at the meeting this evening. It now has thirty-three candidates for the big "log rolling" or December 1, twenty-six of whom have already passed their medical examination. The closest estimates now are that there will be between 110 and 120 candidates. The following items from a letter from Head Consul Book will be of interest to many in the order.

PORTLAND, Ore., November 6, 1905. Mr. P. Wilbert, Clerk, Camp 141, W. O. W., Hayward, Cal., Esteemed Neighbor: Your splendid letter of October 28 is before me. "I am looking forward to your coming to the city with a great deal of delight, and hope our coming together may result in much lasting good for our beloved order. When it comes to hustling qualities, I am ready to go my limit on the Alameda County boys, and I would just as soon give our obligation to 500 as 50—so keep the brakes off and go ahead."

I have now been on the road six weeks, traveling as fast as these Western trains can take me, and talking nearly every night in the week with the exception of Sunday. I am, however, taking good care of myself. Wishing you and the boys every success, believe me, as ever, Fraternally yours, J. I. BOAK.

SEWING CLASS.
The sewing class of young ladies, one of Hayward's most delightful social institutions, met this week with Mrs. J. B. Prowse, on Wednesday. The club was organized only two or three months ago, and meets alternately at the homes of its members. Among those who belong to it are Mrs. H. Thorpe, Mrs. J. B. Prowse, and Misses Meta Eggert, Elvina Prowse, Mamie Prowse, Laura Neilson, Olga Nelson, Albertine Nelson, Louise May and Bertha May. Outsiders credit Elvina Prowse with having given the inspiration for it. The ladies meet weekly, bringing each their own work, and enjoying it together.

SOMETHING DOING.
The Harry N. Winton sixty-three-acre orchard has been bought by Lucinda F. Prowse for \$23,850. It is one of the oldest and best improved properties around here. Mrs. Prowse has also sold to A. B. Eden of Mt. Eden ten acres of the Soto ranch for \$2500.

H. F. Nevis has sold to M. C. Petersen of Hayward the Frank Garcia orchard at the Hayward depot for \$14,000.

Chas. Prowse, the real estate dealer arranged the transfers.

CHRISTIAN UNITY.
The union religious Thanksgiving services in Hayward will be held this year in Trinity Episcopal Church, now, with its patronage, situated on Castro street. Rev. B. F. Kephart of the M. E. Church will preach the sermon.

Trinity Church will be reopened for services by Rev. H. Lee this coming Sunday, November 18.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cure

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end there, and those who are very nervous and do not grip on things, but by their gentle action please all who use them.

ACHE

In the home of so many lives that have been made our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip on things, but by their gentle action please all who use them.

FOR RELIEF OF WHALERS

DR. ANTONIO VARICIE PROPOSED
TO LEAD AN EXPEDITION.

SEATTLE, Wash., Nov. 17.—Dr. Antonio Varicie, prime mover in the

proposed Yukon-Polar expedition, will, as soon as he reaches Dawson, for which town he starts from Seattle tonight, take steps to organize an expedition for the relief of the whalers imprisoned in the ice in the vicinity of Herschel Island. The expedition to be led by Dr. Varicie will probably travel in company with the detachment of the Northwest mounted police which is to start for Herschel Island and Port McPherson December 15.

While in San Francisco Dr. Varicie held several consultations with the owners and agents of the vessels which are imprisoned in the northern

ice, and he expects that these firms will provide the funds necessary to outfit an expedition of the character proposed.

The distance from Dawson to Herschel Island is approximately 800 miles, and Dr. Varicie expects that it will take from thirty-five to forty days to make the trip. While in San Francisco Dr. Varicie was told by the owners of the whalers which are in the ice, that Dawson was the only point from which a relief party could start with any hope of success.
